

REMARKS/ARGUMENTS

Applicant elects Species I, Claims 7, 8, 12 and 13 with traverse to file a divisional application on the non-elected species. The non-elected claims are withdrawn in the attached amendment.

Applicant respectfully traverses the Examiner's restriction; however, in the interest of expediting further prosecution has made the required election. Applicant respectfully submits that differentiation between Front Curve and Back Curve mold parts does not require a different field of search and only a slight modification to a search query.

Respectfully submitted,

/I P Kincart/
